HEART OVER HEELS

Heart Over Heels is part personal history, part training manual for running a first marathon, and part bold proposal for an innovative model of charitable activism. It's an irresistible call to action for those who want to effect real and positive change in their communities. Andrea has penned a compelling – sometimes funny, sometimes poignant -- story that is essential reading for anyone who has ever wanted to combine the physical challenge of a marathon with the emotional triumph that comes with improving the lives of the most vulnerable among us.
